Postdoctoral Researcher at the University of Colorado, Boulder

The University of Colorado (CU) Laboratory for Atmospheric and Space Physics (LASP) is seeking one or more postdoctoral researchers to join the Colorado Ultraviolet Spectroscopy Program (CUSP). The CUSP team leads a diverse portfolio of research programs related to UV spectroscopy of astrophysical and Solar System phenomena, with opportunities for successful candidates to be involved in space missions such as the SmallSats SPRITE and MANTIS, cutting-edge sounding rocket instruments, protoflight technology programs, and potentially larger flight projects.

Applications will be reviewed on a rolling basis until December 15, 2023.

Computer Science Phoenix STEM Instructional Professor

The Department of Computer Science in the Physical Sciences Division at the University of Chicago invites applications for teaching positions for the position of Instructional Professor (open rank). The selected candidate will be appointed as Assistant Instructional Professor, Associate Instructional Professor, or Instructional Professor, depending on qualifications. The appointment will be for a term of up to five years, renewable. This is a career-track position with potential progression, competitive salary, and benefits, with time allocated for professional development.

This position is expected to begin in academic year 2024-2025.

UPCOMING EVENTS

2023 LSMRCE Conference

November 3 - 5, 2023 | Hilton Oak Brook Hills Resort & Conference Center | Oak Brook, Illinois.

Attend the 2023 Louis Stokes Midwest Regional Center of Excellence (LSMRCE) conference, "Inclusion by Design: Nurturing Diversity in STEM"! **NALA(STEM) will be hosting a workshop, and we'd love to see you there!**

This event offers students, faculty mentors, educational researchers, and program administrators a platform to exchange knowledge and cultivate a community of practitioners and scholars in broadening the participation of underrepresented minorities in science, technology, engineering, and math (STEM).

Who Should Attend?

- Historically underrepresented students in STEM (undergrad, grad, BD fellows, LSAMP alumni)
- Higher education administrators
- STEM faculty mentors
- STEM program administrators
- Faculty interested in education research
- All NSF LSAMP, INCLUDES, and LSRCE community members
